Equitable Advisors

John Chapman is a Financial Advisor at Equitable Advisors. His main office is located in Centerville but he spends a lot of time working with Cincinnati clients, too. He is about to celebrate his 10-year anniversary with the company. John holds several licenses to do this work including his life/health insurance license, a Series 7 Securities license and a Series 66 Securities license. In his work, he helps clients plan for significant life events and works to make sure they have the money to fund those events. Some examples include retirement, buying a home, or paying for college. He also makes sure that certain risks that can derail a sound financial plan are covered by different types of insurance.

John holds several college degrees, including a Bachelors in Marketing from Franklin University and an MBA (with a Finance concentration) from Wright State University. He is a 2001 Carroll High School graduate. John lives in West Chester with his wife, Emily. In his free time, he enjoys seeing live comedy shows, playing year-round beach volleyball, and he has a passion for cars.
