

*Carroll Career
Discovery Program*

**PASSING THE TORCH
ALUMNI SPEAKER
SERIES**

**Dr. Kathleen Mohlman
CHS Class of 1994**

**Doctor of Veterinary Medicine
Mason Family Pet Hospital**

Dr. Mohlman worked in a mixed practice (small and large animals) in Chardon, Ohio, after graduating from The Ohio State University. After a few years in mixed practice, she ran a corporate small animal practice in Cincinnati, Ohio. She then worked one year in Pittsburgh after moving there for her husband's job. Later, she worked for a 24-hour emergency clinic in Cincinnati. Currently, she is working at a small animal practice in Mason, Ohio, called the Mason Family Pet Hospital.

Kathy grew up in Beavercreek, where she was involved in 4H, visited her grandparents' farm often, and worked for a local veterinarian starting in the first grade!

Kathy has two dogs: Jackson is 4 years old and is a standard poodle, and Declan is 12 years old and is an Irish water spaniel. In her spare time, she enjoys running half marathons, backpacking, camping, and traveling. Her next adventure is going to Italy this summer and doing another backpacking trip out west. She also shows her poodle in obedience and agility competitions although she had a lot more success with her spaniel who is retired from showing.

Kathy will be celebrating her 30-year high school reunion this year so it has been a while but her favorite memory of Carroll would be all the friends and camaraderie she experienced there.

Education

- 1998 Bachelor of Science Degree (Biochemistry): University of Dayton
- 2003 Doctor of Veterinary Medicine: The Ohio State University
