At DataYard we know that not many people enjoy the complicated and behind-the-scenes work that comes with cloud servers, networks, and security engineering. Fewer still are any good at it. Fortunately for you, we love this work and also happen to be very good at it. Since 1995, DataYard has partnered with companies across the country to shoulder some of this IT burden, taking the weight off of your team members who are already wearing too many hats. We help you make IT better - if that sounds interesting, let's chat today.

Le Vrai Nord: The True North for entrepreneurs who want to grow their business, with conviction. I founded Le Vrai Nord because "the true north" means something to me. I've built five of my own businesses, experiencing acquisitions, mergers, sales, and scaling. Threaded through it all is a focus on culture, open-book management, and team. I enjoy the build, as much as the climb. As a visionary and strategist, my team and I bring brands and teams to life by creating profitable business models and award-winning marketing campaigns. As an entrepreneur, a writer, a systems-thinker, and motivational leader, I aim to be purposeful with my own life; and a reliable, passionate partner to my clients.

Net X Computers is a full-service MSP providing information technology services and active cybersecurity management for growing companies. We manage all the complex technologies your business uses - from IT services and infrastructure management to special projects. Technology systems are vital to your company's functionality. You need a reliable, timely

IT partner so that you can focus on running your business. We uncover the technology issues you don't know to look for, minimize business interruptions, and proactively protect you from cyberattacks.

Businesses need a trusted partner who can deliver operational excellence and reliability at an affordable price... a trusted partner like Net X Computers. Contact us today for a free, no-obligation IT Systems Assessment. We'll send one of our senior technicians to your office to conduct a 60-minute audit of your network's security and overall health. When completed, we'll give you a report of findings that will reveal if your data and computer network are properly backed up and secured, as well as suggestions on how to resolve our discoveries.

I was born and raised in Zimbabwe, and travel back home as often as possible. While I am now a proud American citizen, I still yearn for my homeland: her raw beauty, the amazing sunrises and breathtaking sunsets, the wind rustling the dry savannahs, the call of the "Go-away" bird, the smiling faces of her people, the smell of the earth after a wild rainstorm, the thrill of seeing wildlife roaming freely, the joy of the small children in the village areas, the smell of sadza and nyama, and the big vast sky proudly showing off the Southern Cross and the Milky Way. A piece of Africa remains within me - and I am drawn to share her with you. My desire is for you to discover southern Africa as a traveler, not a tourist. To experience her heart, her people, my home. To feel the hometown vibe in complete comfort and safety. To encounter the wildlife and bushveld with amazing safari guides, and to sleep in the comfort of marvelous lodges. I am committed to help you experience Africa in a fashion that is personalized for you, that fits your timeline, your budget, and your wishes. I would love to show you the magical beauty of Africa.

Planning your event is my passion. My goal is to bring your vision to life. Those dreams come alive when we meet, and when we get to know one another and understand the ideas going through your mind. With any event, it is so important to reflect the host or hostess, not those behind the scenes. Rather, I am here, to set the stage and showcase all the beauty that you could only describe, yet couldn't visualize. When all of those elements come together, a successful event is born. By being a guest at Angie's, you are helping to preserve a little part of Dayton history. In 1938, Angi's Restaurant opened their doors serving primarily Hungarian-style food. The current owner is a retired Dayton fire captain who often dreamed of a family-owned business. The structure had fallen into major disrepair but the captain and his daughter were able to breathe life into her again, changing the name to Angie's Firehouse Tavern. Be sure to taste their signature entree: the world's best cabbage rolls with the recipe handed down by the original owners.

Mike and Murphy LaSelle were lured by the century-old mystique of producing great liquor, and were inspired to create the finest small-batch artisan spirits. The brothers spent years studying the art of distillation under world renowned master distillers. Belle of Dayton—genuine and unique—began with the resurgence of the American craft spirits. Before Prohibition, grist mills and distilleries dotted the Miami Valley. Spirits were distilled the old-fashioned way—with hard-work, ingenuity, and honest craftsmanship drawing from the area's deep, mineral-rich water of the Great Miami Buried Valley Aquifer. The Belle of Dayton label on each bottle, and the spirit contained therein, pays homage to that time and celebrates our American distilling heritage. The LaSelle Brothers proudly offer you the Belle of Dayton. Tues-Fri 5pm-1am; Sat 4pm-1am.

Our primary focus is helping individuals, families and small business owners become financially "Set For Life" in a predictable way without taking unnecessary risks. Properly designed, our programs enable our clients to build a tax-free bucket to go alongside more traditional taxable and tax-deferred buckets to get to the 0% tax bracket and transform your retirement. How much of YOUR retirement planning is based on factors that you cannot predict or control? We help our clients bring back control to their financial lives to improve their wellbeing for themselves and their families while taking much less risk. We are licensed in most states including the great state of Ohio. We work virtually through personally hosted Zoom meetings.
